Dear residents of Chailey,

On the 2nd July this year I would have been ordained for 30 years and over those years I have worked in many parishes, including 5 years in the RAF as a chaplain. Here is a brief list of things that have amazed me during my ministry.

Isn't it FUNNY ???

Funny how a £5 note "looks" so big when you take it to church, but so small when you take it to the shopping centre.

Funny how long it takes to serve God for an hour, but how quickly a team plays 90 minutes of football.

Funny how we can't think of anything to say when we pray, but don't have any trouble thinking of things to say to a friend.

Funny how we get thrilled when a football game goes into extra time, but complain when a sermon is longer than the regular time.

Funny how hard it is to read a chapter in the Bible, but how easy it is to read 100 pages of a best selling novel.

Funny how people want to get a front row seat at any game or concert, but scramble to get a back seat at church services.

Funny how we need 2 or 3 weeks advance notice to fit a church event into our schedule, but can adjust our schedule for other events at the last moment

Funny how hard it is for people to learn a simple gospel passage well enough to tell others, but how simple it is for the same people to understand and repeat gossip.

Funny how we believe what the newspapers say, but question what the Bible says.

Funny how everyone wants to go to heaven provided they do not have to believe, or to think, or to say, or do anything.

Funny how you can send a thousand 'jokes' through e-mail and they spread like wildfire, but when you start sending messages regarding Jesus, people think twice about sharing.

FUNNY, ISN'T IT? are you laughing? are you thinking? spread the word and give thanks to the Lord for He is good.

Actually, come to think of it, none of it is funny is it?

Next month I will tell you about a piano. That made me say "funny"

Chailey Commons Society

The commons have remained rather wet for longer than they should have done – I have heard many people say ‘About time too’ when the sun finally appeared, and the temperatures rose to record levels. These were, however, short lived and further pulses of heavy rain and even hail continued to soak the ground.

The Longhorn cattle are now roaming the three combined commons south of the A272 and will be grazing until the autumn. None appeared on Lane End, but the Exmoor ponies are back on Red House Common.

It has been a joy to see the butterflies appearing and the Orange Tip, Brimstone and Peacock make a lovely splash of colour, along with the beautiful yellow of the gorse which seems to be very prominent this season.

This month we can look forward to the heather coming into flower and the most obvious one is the Ling heather – *Calluna vulgaris* which will be growing strongly on the cleared areas of the heathland. It’s interesting to remember that lowland heath, one of the rarest habitats on Earth, was created more than 6,000 years ago when Neolithic man began to clear the forests. The acidic sandy soil couldn’t be used for growing crops so was put aside for grazing and what emerged was a landscape of dry heath and wet bogs and within its dwarf forest of gorse and heather lies a magical world.

We will be doing our late evening walk on Memorial Common to look for the nightjars on Tuesday June 12th starting at the car park by the A272 at 9.15. p.m. Last year was disappointing, so we hope for a better result this year. We are looking forward to having the Sussex Moth Group along at the same time to do a moth survey, and they will be based near the playing fields behind the houses by the A275. They should have some results for us when we return from our walk about 11.15 pm. Bring torches and a warm coat as the evenings can be quite cold.

From the Parish Leaflet June 1918

U.M.C.A. (Universities Mission to Central Africa)

Fresh interest has surely been aroused in the work of this wonderful Mission by the visit of the Rev. F.R. Hodgson to our parish on Sunday May 26th. It is hoped that those who do not at present collect will be stirred up to apply for a box from our energetic secretary Miss E. Coleman who will be glad to supply one as well as copies of the monthly magazines, 'Central Africa' and 'African Tidings,' which provide most interesting accounts of the work done under very great difficulties in the heart of this great continent. The amount collected for this good cause was £8. 2s. 6d which has been duly forwarded to Mr Hodgson.

Note: The Rev. F.R. Hodgson was Archdeacon of Zanzibar from 1882-89 and then served there as Organising Secretary until 1918 when he and his wife retired to Eastbourne.

Food Art and History

A Lecture by Tasha Marks founder of AVM Curiosities and Exhibition Curator. AVM stands for Animal, Vegetable and Mineral. **AVM Curiosities** has been exploring the relationship between art and the senses through a series of events and edible interventions. It was founded by food historian Tasha Marks in 2011 the year after she graduated from Sussex University.

Confectionery is also one of her great passions. From ancient alabaster ruins crafted from sugar to a Victorian Afternoon Tea at the V&A, AVM Tasha will take you on a delicious journey like no one else.

I think I can guarantee that this will be one of our more unusual lectures! It will of course be accompanied by a superb digital presentation. The cost is £7 for non-members and if you need any further information please contact our membership Secretary Ann McNorvell 01825 721458 or newickdfas2017@gmail.

Chailey Horticultural Society

Now the summer is really with us and all danger of frost has passed. All frost tender plants can safely be planted out. For outside tomatoes it is wise to 'harden them off' by leaving out during the day and bringing in at night for about 10 days. They are quite sensitive to changes in temperature and this allows them to adjust as night temperatures can still drop quite considerably.

Runner beans are best grown up poles of about 8ft in double rows 3ft apart and 9" between poles with short canes intertwined at the top and diagonals for extra strength. Leaving a space between rows allows more light and ventilation and hence better setting. This is a better way to grow them than making the poles meet at the top in a wigwam fashion. In dry weather they will need plenty of water as will French beans and courgettes.

Plant sweet corn in squares not rows as pollination is wind driven so proximity is essential. All winter brassicas should be planted out before the end of the month. Watch out for caterpillars and their little white eggs on the underside of the leaves. A good netting is usually the best solution.

Beetroot and lettuce for autumn use should be sown by the end of the month as growth begins to slow down after the longest day.

Potatoes planted in early April should be ready for lifting. Most early varieties take about 10 weeks to produce a crop though they will continue to grow if not lifted. Many varieties don't really flower- if they do lift as the flowers fade. If in doubt dig round with a trowel and see what is down there!

Protect strawberries from the birds and slugs; ensure raspberry canes are well tied in and watch out for gooseberry sawfly.

In the greenhouse look out for aphids and red spider mites. Stop tomatoes after 6 trusses have set and ensure good ventilation and regular watering.

Finally think of our Summer Show on Saturday 14 July and see what you could enter.

INSPIRING WOMEN

Our next meeting will be held on Tuesday 5th June when we welcome Peter Thompson with his subject entitled 'You the Jury'.

In May we held our Resolutions meeting and the result of this will be passed on for the Annual Meeting being held in Cardiff this month. We also had a flower arranging workshop and by the end of the session, under the watchful eye of Wendy, we proudly took home

our creations.

We meet on the first Tuesday of each month at 7.45 pm in the Village Hall when prospective members and guests are always welcome to join us for a nominal charge of £3, to include refreshments.

The Millennium Walk

The Millennium Walk, on the hottest Bank Holiday Monday on record, was an enjoyable event with 25 people attending, although surprisingly only one child (who was one of the first back and said how much he had enjoyed it) and just two dogs. Regular walkers were there as well as some who had come for the first time, including a couple on holiday from Holland. Two walkers got lost but fortunately were rescued just as they reached Newick! The cold drinks and barbeque at the end were a welcome reward for a very warm effort.

Chailey Litter Pickers

732 bags so far!

Have you heard of Neighbourhood First yet? This is a new initiative by Lewes and Eastbourne Councils, where each area has a local advisor who supports the community in dealing with things like dog fouling, fly-tipping, fallen trees, abandoned vehicles and littering. Our advisor in Chailey is Steve Brooker and CLP have already found his support invaluable; providing us with some new equipment, deliveries of more black bags, and working with us on the removal of fly-tipping. Thank you Steve!

On our May group litter pick we met at Chailey Free Church in South Chailey and cleared litter from roadsides from Bevan Bridge to the village hall on the A275, along Markstakes Lane, Mill Lane and Honeypot Lane, South Road to the Plough pub and along St Helena Lane, Middleton Common Lane and part of Spatham Lane. Chailey parish is always our priority but as you can see we will go off piste and clear areas that need it locally. A 200m stretch of Spatham Lane yielded 4 bags and St Helena and Middleton Common Lanes another 8 bags; well worth the extra effort to improve these country roadsides.

Next Group Litter Pick: Saturday 9th June meeting at Chailey Green at 10am. Some equipment provided but please bring gloves and a grabber if you have them. We aim to pick in pairs, spreading out from our start location to cover as many miles of roadside as we can in a couple of hours. Interested in coming along but want more information? Get in touch and have a chat.

Chailey Bonfire Report

Thank you to everyone who came along and supported our St Georges day fete. It was a beautiful warm sunny day and enjoyed by all. Our thanks to the village societies, stall holders and other local organisations who came along and supported us. A special thanks to James Tillard for letting us use the field and to Tom Stovold of Southern Events for his continued support, providing the marquee and much of the equipment that enables us to put on the event. It is impossible for us to personally thank everyone involved and our thanks go to everyone involved during planning, preparation before and on the day and for clear up.

The winner of the vintage vehicle competition was Clive Berry showing the Land Rover Series 3 and the winner of the programme raffle Felicia Pieters.

May 100 club winner was number 095 Lousia Blaker. Congratulations and thank you for your support.

Our AGM was held at the beginning of the month and we welcome two new members onto the committee. Bonfire badge night will be in a few weeks' time when you can renew your membership or if you are interested in finding out more about what we do – please come along. We will let you know the date in the next magazine.

A Repair Café for Chailey?

I am looking at the possibility of setting up a Repair cafe in Chailey and am inviting anybody interested in volunteering to contact me.

Repair Cafés are free meeting places where expert volunteers with repair skills in all kinds of fields repair things such as clothes, furniture, electrical appliances, bicycles, crockery, appliances, toys, and much more. Visitors bring broken items from home which might otherwise be taken to the tip. They watch while the specialists start working on them, perhaps learning something about repairing as they do so. They can also enjoy a cup of tea or coffee while they are waiting....!

There are over 1400 Repair Cafés worldwide – more about them can be found here:

<https://repaircafe.org/en/>

I live in North Chailey, and volunteer at both the Forest Row and Horsham Repair cafes. At the moment those are the nearest to us here in Chailey. Traditionally, the Cafes run on one Saturday a month for 3 hours, so the commitment is not huge – and I can tell you from personal experience that it is great fun!

I am in the process of seeking the support of both Chailey Parish Council and the Parish Hall Committee and would in the meantime like to see what interest there is locally. Do contact me at brymac@btinternet.com if you would like to help – or just to find out more....

CHAILEY NEWS JUNE 2018 NETWORK SIGNALS – O2 update

With thanks to residents who have contacted me confirming that they are experiencing poor network signals.

As promised, I have formally asked our MP, Maria Caulfield to represent the views of Chailey residents and contact the higher management in O2 Public Affairs, they only communicate with MPs – odd, but there you are, otherwise I would do it myself.

We would like O2 to seriously consider improving our network for everyone living in our village. I will keep you updated.

RECYCLING AND REFUSE

We, in Chailey are in the final Phase of the new recycling service and information packs will be sent to all of us by the end of May. We have options, here they are:

1. If residents do not contact Lewes District Council then we will all be delivered a standard 240 L bin end of June/July and our current recycling boxes and bags will be removed.
2. However, residents can request a smaller 140 L recycling in if they are a small household, or, do not have the space to store the larger bin.
3. We can also opt to keep our recycling boxes and bags if they we do not want a wheelie bin.
4. Residents can also request not to participate in the recycling scheme at all – as some people like to use mini recycling centres instead.

For Tetra Paks: Barcombe Village Car Park, High Street – Cyprus Road Car Park, Burgess Hill – Green DIY, Bell Lane, Bellbrook Industrial Estate, Uckfield.

The bins will be delivered week commencing 11th June and deliveries will be finished by around 6th July. Communal bins for flats will be delivered week commencing 9th July.

The old electric waste vehicles and the old collection process limited the items residents could recycle, yet required people to invest far too much time sorting them all out so it is the end of their era.

GREAT NEWS FOR LITTER SIGNAGE

On the boundary with Mid Sussex District and West Sussex I noticed a sign which was erected around a month ago. I thought it was a very effective way of getting the message across and clearly, not too costly. A month ago a bright yellow sign stated that Mid Sussex spends £266.000 per year collecting litter – don't throw litter. I thought this was a simple, yet hard hitting fact. I contacted colleagues in Mid Sussex and asked Lewes District Council to put in place similar signage on our District boundaries.

I'm delighted to tell residents that my proposal has been agreed and this scheme will be put in place.

Swoovathon update

Swoove (Sing, Whoop and Move) instructors Ellie Woollven and Amy Stuttle held a 3-hour Swoovathon on Saturday 28th April to raise funds and awareness for local charity Group B Strep Support.

More than 40 people attended on the day, either to Swoove for one, two or three hours or just pop in and buy a raffle ticket and watch all the fun.

On the day over £740 was raised which, when added to sponsorship, gives a total of over £1800. Many people dressed as bumble bees to represent the charity's logo and the event was very colourful and high energy.

Jane Plumb MBE, chief executive at Group B Strep Support, commented:

“As part of our amazing community of fundraisers, you are raising vital funds for Group B Strep Support. Without the passion, drive, enthusiasm and generosity of people like you, we could not exist. Thank you so much – as you know, we so appreciate what you do.

“Thank you, Amy and Ellie, for organising this event and for all your hard work. You have raised vital money for the charity, and vital awareness of Group B Strep – we so appreciate it.”

Amy and Ellie are planning to arrange another Swoovathon later this year to raise funds for local cause The Newick Santa's Sleigh project – so watch this space!

"FINDING YOUR FEET" (PG-13)

Starring Celia Imrie, Joanna Lumley, Timothy Spall and Imelda Staunton

On the eve of retirement a middle class, judgmental snob discovers her husband has been having an affair with her best friend and is forced into exile with her bohemian sister who lives on an impoverished inner-city council estate. This is a great film about growing older and learning to enjoy it. It's a film with happiness, sadness, joy and disappointment.
