BCP is the Book of Common Prayer (1662). All other Eucharistic Services are from Common Worship: Order One. We welcome everyone warmly and families and children are always welcome at all our services.

I was raised by wonderful parents, I loved them very much and think of them often. One of the most important things they taught me was to write 'thank you' letters. This last letter that I write is a 'thank you' to Chailey and St Peter's Church family.

Thank you for: All of your hard work and letting us work alongside you.

Allowing us to be part of your family joy, sadness and pain.

Coming to the Fete's we held, in the good weather and the bad.

The Lunch Club, the afternoon teas and the Lent Lunches.

The Toddler group, which is such a joy to have in Church.

Making us laugh and making us cry.

For loving Daisy and the gift of the rocking horse.

The barrister who won Daisy's court case, paid for by a local benefactor.

The gift of the chairs for the Church.

Thank you for the Churchwardens and the PCC who worked tirelessly and are now holding it all together. For Teresa for all she did, not least, having to share her desk with Betty, wedged underneath in a space far too small for a Great Dane.

The way you have supported us through thick and thin.

For believing in us.

The Schools Daisy has attended. Made possible by a dedicated Headmaster who gave her a free chance.

The joyful sound of the Church bells.

The litter pickers, the bonfire society.

The owls, the buzzards and the deer.

For the laughter you appreciated in Church.

For the Welsh maestro and his wonderful voice and beautiful talented wife. His brilliant choir Coro Nuovo raised the roof and a lot of much needed funds. How fortunate were we to have them.

Thank you to our choir, sometimes tricky for clergy to navigate! Not St Peter's choir, they have led, performed and blessed and delighted our congregation. Thank you that you were a joy.

Thank you also for the Friends of St Peter's for all the work they did in arranging various fundraising activities, we could not have achieved all that we did without you.

For the wonderful flower arrangements and the flower ladies.

For the prayers from the Prayer Group upholding everyone in need in the local community and beyond.

Thank you that I didn't have to do one Jumble Sale.

For the quiz nights and race nights that were great fun.

For enjoying the candle lit path at Christmas (Daisy and I were very scared at the mid-night one)

For the beauty of the Commons and the windmill.

Thank you Norman who painted and restored the sign and notice boards outside of the Church, such wonderful craftsmanship, and the "please park tidily" sign which he gifted us.

For everyone who decided to travel the "Journey" (awful expression) with us and believed we could make St Peter's a vital and vibrant part of the village community.

For our wonderful, wonderful neighbours.

My biggest thank you goes to Betty, Daisy's best friend, companion, bed sharer and loyal comforter. No Great Dane has kept so many secrets, shared with her, by a sad girl. A few days after my husband resigned on grounds of ill health, Betty was diagnosed with aggressive terminal cancer. Daisy became her comforter and sat with her at the end, her head in her lap, thanking her for loving her. It was my husband's birthday.

Thank you Betty and thank you Chailey for the beautiful walks. John took his final walk around his beaten track alone this morning just thanking God for the time he spent with Betty, watching the sunrise and sunset. He is a lonely man today. His ministry, his home and his dog gone.

Finally thank you Daisy, I am so proud of you. Never before has a Gran been so proud. We have watched you blossom in Chailey.
So as we head off into the sunset for retirement and our 44th home. Thank you and I hope the next Vicar will feel as loved, cherished and appreciated as we did here in Chailey.

With thanks

John, Gaye and Daisy now living in a cottage in beautiful surroundings.

Thanks be to God.

P.S. I hope you get a 'proper' Vicars wife next time!!! Gaye x

Betty

Glory be for dappled and for spotted things
Wagtails, Magpies and for finches's wings
For skies of many colours as a bridled cow;
For speckled eggs, hidden in an ancient hedgerow
For rose mole all in stipple upon trout that swim;
For water dripping darkly from a old tank's brim
For Moonlight flickering through a wind blown tree
And for one Great Dane called Betty, now running free

With apologies to Gerard Manley Hopkins

Toddlers Group

We now have a Toddlers group up and running at St Peter's Church. This is a free group which meets in the church on a Friday morning between 9.30am and 11.00am. Toys and activities for children. Free refreshments during the morning. Baby changing facilities. We welcome new Toddlers and their parents, grandparents or carers to this group. Contact the parish office (01825 722286) stpeterschurch12@hotmail.co.uk for more information.

St Peter's Church Book Swap

From 5th September between 10 and 12am, we have started a weekly Wednesday Book swap at St Peter's Church, Chailey Green.. The mobile library is no longer coming to Chailey and we have decided to start a book swap, with the hopes that it may evolve into a library in the future. We are happy to take any unwanted books, mainly of the fiction type.

Light refreshments will also be available.

Chailey Commons Society

The summertime has been a good year for finding and looking at the many species of wildlife on the heathland. Butterflies have been seen widely with Gatekeepers, Meadow Browns, Speckled Wood, Small White and Brimstones most commonly appearing and Holly Blues with their two generations - their larvae feed predominantly on the flower buds, berries and terminal leaves of Holly (*Ilex aquifolium*) in the spring generation, and Ivy (*Hedera helix*) in the summer generation.

Dragonflies have been frequent, enjoying the warmth, with Southern and Migrant Hawkers, and Four-spotted and Broad-bodied Chasers and Emperor Dragonflies much in evidence and Azure Damselflies and Large Red Damselflies in the damper areas and at the pond on Red House Common. Grasshoppers and Crickets have been surveyed across the commons with Field, Meadow and Common green grasshoppers sighted widely.

Lane End Common has, as usual, many Wood ant mounds with tracks across the grass paths where they make their way between colonies.

It is good to see the new heather plants emerging on the scraped areas of Memorial Common. The existing areas, which have produced such good heather are being widened. The work includes scraping off the top layer, including the sub surface Bracken rhizomes, to expose the existing bank of heather seed, lying dormant in the soil below.

Abundant species were good news for our annual Bug Hunt with around sixty keen, mostly young, explorers enjoying a fine morning on Memorial Common, returning with little treasures in the pots and nets for recording.

A small dedicated group enjoyed our early bird walk on Memorial Common. The bird population is at its quietest in high summer, as they are concentrating on resting and moulting after the nesting season and getting ready for autumn and winter.

Our activities continue this month with an Indoor Meeting in Chailey Village Hall on Thursday 11th October 2018 at 7.30.p.m. when John Davey will tell us about the Lost Industries of Lewes. Family and friends welcome – parking and refreshments.

This is the month to find the fungi on the commons and we will be making an autumn foray through the woods and commons edges looking for the mysterious fruiting bodies of the Mycological Kingdom. Join us on Wednesday October 24th 2018 at 2.00.p.m. on Memorial Common at the car park by the A272.

Parish Leaflet October 1918

October 1918

Our School Children have been well looked after in the matter of their mid day meal at the Cottage on Chailey Green and I am sure parents are most grateful to all those willing helpers who have done so much for the comfort and wellbeing of their children.

Since April 8th the Committee has provided no less than 4,101 dinners. The firewood and most of the vegetables and fruit have been given. The price of the two course dinner to the children is 1 ½d. The Committee will be very grateful for offers of help in cooking and washing up and especially in cleaning the cottage on Saturdays. Any such offers should be made to Miss Blencowe, Bineham.

Annette Shelford

This month is our Annual Meeting when the President, Secretary and Committee members are elected. Do come along on Tuesday 2nd October and hear the report of our year's activities, support the committee and show your appreciation of the programmes we have had.

In September we heard all about SCAMS from Lee Ede, who is a Trading Standards Officer. Scams come in various guises, emails, telephone calls or doorstep scams. We were surprised at the extent of Scams, and heard that the majority go unreported. The victims are mostly aged 75+ and some had been sent many letters daily with fake lotteries, deceptive prize draws etc. all drawing people further into debt. We also had the examples of rogue tradesmen who preyed on the elderly and charged enormous sums for unnecessary work. The slogan Take a Stand Against Scams is very appropriate and we learnt we could help by identifying, intervening and protecting vulnerable victims.

We meet on the first Tuesday of each month at 7.45 pm in the Village Hall. Prospective members and guests are very welcome for a small fee of £3 which includes home made refreshments.

If you are enjoying a lovely autumnal walk on Chailey Common - Monday – Friday – did you know about G.K.'s café at Chailey Heritage? The café is named after the charismatic and remarkable Founder – Dame Grace Kimmins. For new families to Chailey, her story is worth reading and the Chailey Heritage Foundation continues to do tremendous work. Many of us enjoying walking on the Common are unaware that the café is open to the wider community. The café offers freshly ground coffee, snacks and cold drinks and it is situated next to the original Old Heritage which has been renovated with great integrity and architectural skill. All café profits are used to pay for equipment in the Life Skills Centre. There is Wi-Fi and you will receive a warm welcome. "The courage to bear – and the courage to dare – are really one and the same." This was Grace's creed and she instilled it in all the poor or disabled children for whom she cared.

LEWES DISTRICT LOCAL PLAN PART 2 – Consultation

The major plan was Part 1; Plan 2 is a much briefer addition and update on the Council's policies. All of us are entitled to comment and respond.

Essential to protect and where possible enhance our natural environment

I have always spent time ensuring Chailey's voice is heard. One of the many aspects is ensuring Chailey Common; a Site of Special Scientific Interest is mentioned in our policies. The second largest heathland in Sussex – the largest in the District of Lewes. It deserves a higher profile. I ensured this was put in place for Part 1 and, again – I have asked that the sites – like Chailey are recognised and listed individually for their biodiversity and geodiversity value.

Telecommunications and Infrastructure

Modern telecommunications have grown rapidly in recent years with mobile phones now forming an essential part of everyday life for many. Improvements to telecommunications networks can help our residents. Chailey is a rural community where it is vital for those working from home to access good network signals. I support the growth and improvement of the network whilst respecting and keeping the environmental impact to a minimum. I am still pursuing 02 as I am very unhappy with their response to our MP, Maria Caulfield. So I continue on this case.

SAD TO SAY GOODBYE TO RECTOR JOHN MILLER-MASKELL

I would like to take the opportunity of thanking John for his kindness and joyful spirit. I am sure I am not alone in wishing him and his family the very best of luck and good health in his retirement.

Chailey Horticultural Society

The Society had a very successful Autumn Show on the 8th September. The standard was very high and there were a number of new exhibitors and lots of visitors in the afternoon. However the committee desperately needs new members. Each show requires a considerable cooperative effort to make it a success and we are all getting older! If you would like to join us why not come along for cheese and wine at our A.G.M. in the Reading Room at 8pm on October 18th.

October is the month to think of planting over wintering onions, garlic, shallots, broad beans and peas. The idea is to get them planted whilst there is still some warmth in the soil so they can be directly sown. This is fine for shallots which are slow growing over a long period. However with onions and garlic I start them off in pots in the greenhouse to get them going and plant them out when green shoots appear above ground and roots appear at the bottom of the pot. Onions should be planted just below ground level with the tops showing whilst garlic should be planted deeper; about the same depth as the length of the clove. This is because garlic produce their bulb below ground level and do benefit from a period of cold. Onions produce their bulb above ground. Always buy garlic specific for Autumn planting of which there is a lot of choice. The best shallots are Jermor, Griselle and golden gourmet and of onions Radar and Shakespeare. Don't forget Elephant Garlic for a trouble free large glove of a slightly different flavour and a lovely allium flower. Overwintering onions can be grown from seed but I find this unreliable and time consuming so go for sets.

For broad beans either superaguadulce or for a dwarf variety 'The Sutton'. Start them off in the greenhouse in pots to avoid mice, birds and slugs and plant out when two leaves have appeared. Do not be in a hurry. The idea is to have only two or three sets of leaves by the time of the cold weather of January and February. Any bigger and they are more susceptible to cold and disease. I plant mine on 5th November!

Overwintering peas can either be sown direct or started in the greenhouse in root trainers. Try Meteor and Douce Provence; both dwarf varieties requiring little support. They are not as hardy as beans and do benefit from some protection during cold spells. Place grease bands round fruit trees to prevent wingless female winter moths from getting up the tree to lay their eggs in next years' flower buds.

Don't forget the A.G.M.

Another Successful Day

For Chailey Repair Café!

Chailey Repair Café opened its doors for the second time at Chailey Parish Hall on Saturday 1st September. Founder and coordinator Bryan McAlley said "20 of our 28 volunteers were there to attempt 23 repairs, most of them successfully, and we have had glowing feedback from our customers, some of whom were also here on our opening day."

Bryan added "Our volunteers tackled some curtains, a body warmer, clock, bird box, two record players, a baby monitor, vintage radio, hair-dryer, solar light, toaster, a blood pressure monitor, and lots more!"

Chailey Repair Café is part of a world-wide movement where volunteer experts repair things free of charge. Anyone can bring along broken items or clothing needing repair

from home, and have a cuppa and a cake while they wait!

Chailey Repair Café next opens at Chailey Parish Hall 10am – 1pm on Saturday 13 October

Volunteers welcome !! Can you offer electrical, bicycle, furniture or any handiwork or craft repair skills? If you would like to help or find out more email Bryan McAlley at brymac@btinternet.com Find Chailey Repair Café on Facebook.

Chailey Litter Pickers

883 bags so far!

Every month on our group litter picks we clear around 25 black bags of litter from the verges of Chailey parish. I am sad to say that this does not seem to be reducing, but I am very proud to say that a growing number of people are willing to volunteer their time and energy to helping us do this and to help make Chailey a cleaner place to live. Disturbingly we always pick up wine bottles, lager cans and sometimes spirit bottles, and as with most litter in Chailey parish this is from verges away from houses, so therefore not dropped by pedestrians, but car drivers or their passengers. Why is anyone drinking from a wine bottle as they drive along? What are the chances of a passenger drinking the wine, but not the driver?

Another widely picked item is the fast food wrapper; Honeypot Lane was strewn with KFC wrappers this week (now removed) and seems to be a hot spot for McDonalds, Burger King and KFC packaging to be littered. If people care enough about the inside tidiness of their car to get rid of the rubbish, why don't they care about the environment around them? Please let us teach our children to respect and value our country. Please let us openly talk with our teens and 20's children about binning fast food waste properly. And please let us have the confidence to challenge whoever it may be about drinking and driving.

Chailey Litter Pickers AGM: Friday 5th October at the Reading Room, Chailey Green, 7-9pm. A chance to meet the group, share your concerns or ideas, find out about equipment and more – All welcome!

Next Group Litter Pick: Saturday 20th October, meeting at 10am at Chailey Free Church car park. Please wear a high vis vest and bring gloves and a grabber if you have them. Some equipment is available on the day and we'd love to have you along.

Broadband Update

I get many emails from residents in Chailey about the poor access to both mobile phone signal but more crucially broadband.

The Government rollout of superfast broadband across the UK has meant connectivity for 95.39% of the UK. This has seen a massive boost to our economy as businesses thrive on the latest technology. Research has shown that superfast broadband has boosted the turnover of local businesses across the UK by £9 billion. This has also helped to create 49,000 jobs showing the clear benefits that superfast broadband gives to businesses.

Locally however there remains a number of rural areas that still can't access broadband. East Sussex County Council are on track to ensure 99% of properties are able to access superfast speeds. From January 2019 the County council are rolling out their third phase. The £4.3m contract will deliver a further 7,220 superfast premises, with build starting in January 2019 and project completion provisionally scheduled for Q4 (end March 2020). The contract is unique in the whole of the UK in that it requires the supplier to survey all premises in the county as yet unable to access superfast broadband up front (ie in advance of build). This means that, after surveys, we will absolutely know which premises will be reached and identify those that contract 3 will not cover. We will then be in a position to think about options for those not reached.

The Government recognise that even after all this investment some rural areas, will still not have the speeds that modern day communications require and have announced further measures to improve coverage to make sure that those in hard to reach, particularly rural areas, are not missing out on the opportunities that superfast broadband provides. More than 1 million extra UK homes and businesses estimated to gain access to superfast speeds over the next few years, taking superfast coverage to 98% of the nation. I am pushing that with the new roll out, areas not yet connected are dealt with first so that we have a 100% record shortly. If you have questions about your broadband availability do not hesitate to contact me maria.caulfield.mp@parliament.uk

With all good wishes

Maria
